Introduction:

The administrative team of WWSU promotes the success of all students by advancing a shared vision of PreK-12 education. To achieve that vision the following goals have been established:

Goal #1

Engage and support all learners through the development and implementation of a rigorous PreK-12 comprehensive curriculum in all content areas aligned with State and National Standards.

Goal #2

Meet the diverse learning needs of all students by providing a comprehensive continuum of services rooted in research-based best practices within all learning environments.

Goal #3

Support a coherent preK-12 instructional program with a comprehensive model of professional development tied to school and supervisory union action plans.

Goal #4

Promote responsible management through development and support of systemic effective and efficient operational practices. These include, but are not limited to, policy development, fiscal services, information and data analysis reports, and human resources.
