This worksheet guides you through the process of determining homeless status and school enrollment options for students in your supervisory union. School enrollment decisions are made based on the best interest of the student and to the extent feasible would keep a child in the school of origin unless doing so would conflict with the parent/youth request.

The homeless status of a student would be decided by the liaison in the supervisory union that serves the area where the student is currently living. The process of determining school enrollment should be student centered and take into account factors such as:

- the age of the child or youth
- the distance of a commute
- personal safety issues
- a student's need for special instruction
- the length of the anticipated stay in temporary shelter or other temporary location, and
- the time remaining in the school year.

If you decide to enroll a homeless student in a school other than the school of origin or the school requested by the parent/youth, you must provide a written explanation of your decision. Step 4 of this **worksheet** guides you in that process.

To assist in identifying homeless students, include a question on your **school enrollment form** asking if the family has "housing issues" and make sure that **homeless information posters** are posted and visible to all students and families.

To document your work with homeless students and to comply with federal regulations **worksheets** and **referral forms** should be filed and easily accessible.

**STEP 1: Determine whether a child or youth is homeless by using the McKinney Vento Act definition:**

Does this student have a **fixed, regular, and adequate** nighttime residence?

Yes \_\_\_ No \_\_\_

If **No**, where does the student reside: \_\_\_Shared Housing \_\_\_Shelter \_\_\_Motel/Hotel, \_\_\_Campground, or \_\_\_Other - Please specify: \_\_\_\_\_

If a student’s living situation does not clearly fall into the situations described in the categories above, you should refer to the McKinney Vento definition of “**fixed, regular, and adequate** nighttime residence” and consider the relative permanence of the living arrangements. Determinations of homelessness should be made on a case-by-case basis. Note that incarcerated children and children in foster care are not considered homeless. A youth who is not in the physical custody of a parent or guardian is an **unaccompanied youth**. These questions can assist with this process:

1. Does the family consider themselves to be homeless or having housing issues?
2. How did the family lose their housing? (eviction, destruction or damage of home, abuse or neglect, domestic violence, substance abuse, physical or mental injuries, economic hardship, divorce, etc.)
3. Is the family doubled up with relatives or friends?
4. Is the family paying rent?
5. Is the living arrangement temporary or long term?
6. Does the family have a lease? What is the timeframe for the lease?
7. Is the family looking for permanent housing? If so, where?

This student **does not meet the criteria** for homeless status according to the McKinney Vento Act definition. **You do not need to complete the rest of this form.**

- This student **does meet the criteria** for homeless status according to the McKinney Vento Act definition. **Continue on to STEP 2.**

**STEP 2: Enroll the homeless student in school:**

The McKinney Vento Law and Vermont Residency Statutes (H1075) support enrollment in the school of origin or in the school serving the area where the homeless student currently resides. The **school of origin** is the school where the student was enrolled when permanently housed or the school where the student was last enrolled. The **school of residency** is the school serving the area where the student currently resides. Information to take into consideration when determining enrollment decision:

- Continuity of instruction or education program
- Enrollment of siblings
- Location where family is seeking permanent housing
- Timeframe for acquiring permanent housing

1. School where student was enrolled when permanently housed: \_\_\_\_\_
2. School where student was last enrolled (if different from above): \_\_\_\_\_
3. School of residency: \_\_\_\_\_
4. School enrollment preference of the parent/unaccompanied youth: \_\_\_\_\_
5. Indicate School enrollment decision: \_\_\_\_\_

***Transportation***

The Homeless Education Liaison must make sure that transportation is provided, at the request of the parent/student, to and from the school of origin if that is the enrollment decision. The Liaison in the supervisory union where the homeless student currently resides is responsible for arranging transportation to the school of origin. Transportation arrangements must be agreed upon with the Liaison from the receiving supervisory union. Unless otherwise agreed, the cost of providing transportation must be shared equally.

*Please note: If transportation costs for homeless students are being paid for with a McKinney Vento Act or Title I, Part A grant, those funds can only cover the costs above what the LEA would have paid to transport the student to a local public school.*

1. Will transportation be needed to school of origin: \_\_\_\_ Yes \_\_\_\_ No  
If no, please explain (e.g. distance, age of student, disability, safety issues, no transportation options available):  
\_\_\_\_\_

2. Estimated round trip mileage from home to school: \_\_\_\_\_

3. Estimated cost of transportation to school of origin: \_\_\_\_\_ Daily \_\_\_\_\_ Weekly

4. Type of transportation provided:  
 \_\_\_\_\_ School Bus    \_\_\_ Taxi    \_\_\_ Personal vehicle reimbursement    \_\_\_ School staff

### STEP 3: Provide Comparable Services

The Homeless Education Liaison is responsible for making sure that a homeless student has access to the full range of educational services available to all students. A homeless student is automatically eligible for **Title I** services and **free meals**. Enrollment and referrals should be made in the following areas as appropriate:
